MCKESSON

McKesson Printing Services

Let us help you achieve a professional, high-quality look to the printed products that accompany your prescription fills. We are here to help you save time and money on your printed products and supplies. Regardless of which pharmacy system you use, we can be your single source supplier, enabling you to spend less time worrying about office supplies and more time with your patients.

Our products include:

- **Custom-branded thermal and laser label**
- **Custom-branded prescription bags**
- **Monograph Receipts**
- **LTC and A/R Forms**
- **Supplies: laser printer toner cartridges, prescription pads, POS paper and ribbons**

"McKesson Printing Services is like my own personal marketing department. They are able to customize my products with my own logo and tagline which helps me compete more effectively with chains. I value the service that McKesson Printing Services supplies since I don't have the time or the creativity to do this on my own."

Jonathan Brunswig

Sales Process for Customized Products

1. Call or email our Printing Services Team.

2. Send us a picture or sample of your current product for our review and we will provide you with a quote.

3. A proof will be developed by our design team and sent to you for approval.

4. Your order will ship in approximately 6 weeks from the proof approval date.

Please note:

A *Compatible Systems Number Key* (shown below) accompanies some of our products in this catalog. This key is intended as a guide to help you identify products that may work with your pharmacy management software. The key is based on label styles we have seen other customers order. It is your responsibility to contact your software provider to obtain verification that your software will support your chosen product.

Direct Thermal Rx Labels

If you are not using thermal labels, here's why you should consider the switch...
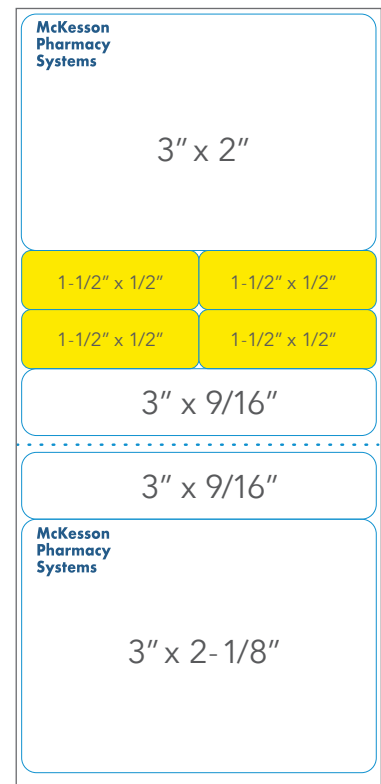

- Easy to Use—thermal printing provides quick loading label rolls, which means no more manually loading label into trays!

- Save Time and Money—a simple design with less moving parts than a traditional laser label printer. With thermal printing there is no need for you to buy toner to print label and your printer is less likely to jam or malfunction.

- Improve Patient Interaction—free up time for patient care and consultation!

Compliance Packaging Supplies
31 Day Single-Dose Medication Management System

Designed with pharmacy workflow efficiency in mind

To meet the needs of today's busy pharmacy, our monthly single-dose card comes in a book-style panel and grid combination with a selection of blister sizes to fit a variety of dosing-regimens. The single-dose card allows for manual preparation that streamlines filling for high-volume pharmacies.

Large top area accommodates all industry standard single-dose medication labels

Custom print your card to showcase your brand and messaging (or to denote the packaging of narcotics)

Measures approx. 9"H x 12"W open; 9"H x 6"W closed

Space to record important dispensing details

Easy-puncture foil provides tamper-evident storage for medication

"Not child resistant" statement is pre-printed

Easy-to-remove liner and permanent adhesive provide a secure seal without requiring a heat seal press

Reorder "ribbon" reminds patients and caregivers to re-fill prescriptions

31 cavities hold a full month's worth of medication

Manual Unit Dose Cold Seal System

- Large area for applying your pharmacy's label
- Variety of sizes to meet dosage requirements
- Easily view pills and know when to reorder

6 Easy Steps for using our Manual Cold Seal System

1 Place blister in tray

2 Insert blister in card

3 Insert pills

4 Peel liner to reveal adhesive

5 Fold adhesive panel to blister

6 Seal using roller

Compliance Packaging Supplies

Qube Medication Management System

Qube Multi-Dose compliance packaging is the perfect solution for pharmacies looking to offer patients the help they need in taking the their medications as prescribed no matter how complex the regime.

- Easy-to-follow recommendations for use by patients and caregivers
- "FDA side effect" and "not child-resistant" statements are pre-printed

- Custom print your card with up to 9 colors to showcase your brand and messaging
- Large inside panel accommodates all industry standard multi-med labels or up to 10 standard 2" x 3" labels

- Clear blisters are easy to check against adjacent medication label to confirm accurate filling
- Larger morning and bedtime cavities hold more medications at the times they're needed most

- Easy puncture foil provides tamper-evident storage for medication
- Adherence cards provide quick visual confirmation that medication has been taken

Qube Multi-Dose

- 28 cavities hold an entire week's worth of medications
- Large text depicts what time of day to take medication
- Easy grid system for patients to locate the correct medication pass
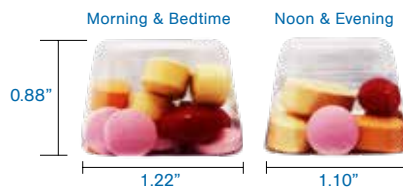

- Easy-to-remove liner and permanent adhesive provide a secure seal without requiring a heat seal press

Generous cavities easily accommodate multiple medications

Morning & Bedtime — 0.88", 1.22"
Noon & Evening — 1.10"
